MSA Latchways **Mini Personal Fall Limiter**

Impressive Innovation in a Compact Size

**Compact and Versatile**

The MSA Latchways Mini PFL is the most compact & lightweight self-retracting lanyard ever developed using multiple spring radial energy-absorbing technology. This new design eliminates the need for an external energy-absorber outside of the housing making it the smallest self-retracting lanyard on the market.

**Reliable and Reassuring**

Latchways’ Lifecycle Warranty means users can work at height with confidence that the Mini PFL will continue to provide safety when it matters most. The product offers fall arrest and restraint for users 130 to 400 lbs (60 to 181 kg) including tools.

**Strong and Tested**

The MSA Latchways Mini PFL has a highly durable polycarbonate, clear casing which allows for easy visual inspection of the critical internal components. It can withstand temperatures ranging from -40° to +130°F (-40° to +54°C) and its high-performing, high-strength webbing lifeline has been manufactured to the highest standard in accordance to Latchways’ strict quality-control procedures. The MSA Latchways Mini PFL has been tested to meet these relevant standards:

- ANSI Z359.14 – 2012
- OSHA 1910.66
- OSHA 1926.502
- CSA Z259.2.2-98
- EN360: 2002

Because every life has a **purpose**...
MSA Latchways Mini PFL

MSA Latchways Single-Leg Mini PFL

The world’s first self-retracting lifeline with multiple spring radial energy-absorbing technology
- Integral energy absorber
- Requires zero recalibration or adjustment
- The energy absorber is completely sealed from external contaminants

Free range of motion
A fully rotating attachment point for complete flexibility—both 360° and 180°

Precision engineering
A structurally reinforced pawl mechanism

Highly durable
A polycarbonate case houses the SRL, and its transparency allows for easy visual inspection of critical internal components

Superior materials
Components manufactured from high-grade stainless steel and engineered plastics

COMING SOON!

MSA Latchways Twin-Leg Mini PFL
Available Connectors

The MSA Latchways Mini PFL is supplied with a choice of steel or aluminium top carabiner and has a range of connectors available.

Forged Steel Snaphook
- Double-action/self-locking gate
- High-tensile steel material
- Zinc-plated finish
- EN, ANSI and CSA compliant

Carabiner/Hook
- Triple-locking gate
- Aluminum alloy
- EN, ANSI and CSA compliant

Aluminum Scaffold Hook
- Aluminum alloy
- EN, ANSI and CSA compliant

Forged Steel Swivel Snaphook
- Double-action/self-locking gate
- High-tensile steel material
- Zinc-plated finish
- ANSI, CSA & EN compliant

Swivel Carabiner/Hook
- Triple-locking gate
- Aluminum alloy
- ANSI, CSA & EN compliant

Steel Scaffold Hook
- High-tensile steel material
- Zinc-plated finish
- ANSI, CSA & EN compliant
